Cheese	10.99	13.99

Desserts

Pick from: 4.99

- Brownie
- NY Cheesecake
- Carrot Cake

Two common threads intertwined the lives of Sarah Flsher and her husband, Andy O'Gara, even before they met - the Indianapolis 500 and family.

Starting at 5 years old and racing through karting, short track midgets and dirt outlaw sprint cars, Sarah dreamed of competing one day in IndyCar Racing. She used hard work, talent, courage and education to achieve that goal, making history to be the first woman to win a pole starting position and podium in IndyCar, holding the track record at Kentucky Speedway, and making nine starts in the Indianapolis 500, more than any other female driver, still holds the track record for the fastest Indianapolis 500 qualification run by a woman, at 229.439 mph avg.

Andy also held a competitive involvement at IMS, while growing up in the Indianapolis suburb of Beech Grove. His father, John, was well known in IndyCar for his Team Management and Crew Chief positions for many of the well renowned drivers and owners. Andy followed in his father's footsteps, winning the Clint Brawner award in 2008, successfully leading and managing teams to multiple race wins.

Today, Sarah and Andy are blending those shared passions of family and the world's "Greatest Spectacle in Racing" with you both here at the 1911 Grill and their other neighboring facility, Speedway Indoor Karting.

Situated next to our 1911 Grill is the newest attraction to Main Street, Speedway Indoor Karting. Make sure to ask for a table that overlooks the karting track on both the first and second floor of the 1911 Grill!

Junior Karting is an important part of the SIK facility. Both Andy and Sarah are strong supporters of kids who show interest in the sport of racing and are looking to introduce other activities in the future for juniors.

Karts are available for kids ages 8 and older, 48in and taller.

[Adult Kart Drivers must be a minimum of 14 years old, and all minors under 18 must have a minor waiver release signed by their parent or legal guardian]

All Karts have a 4 point safety harness, roll bar, adjustable seat and pedals to accommodate drivers of all sizes. (NO Open Toed Shoes!)

All your safety gear (helmet, neck brace, head sock) is available with the purchase of your race license and for free as a part of the purchase of your ride. (Lockers are available free to use as well)

There are two tracks at SIK. The oval and the road course.

Both are a unique experience! They are both operated as timed races that last from approx 5 to 7 minutes. (average laps 8-13 RC and 30-40 Oval, based on ability)

Price sheets are available at the SIK Front Desk. For a quicker check in process, or to follow along with timing and scoring, we encourage you to scan the QR Code to download our free Speedway Indoor Karting app. (search Speedway Indoor Karting)
